ONE DAY, I REALIZED THAT I HAD NOTHING
THE POCKETS THAT I THOUGHT WERE PACKED WITH HAPPINESS
WERE ACTUALLY COMPLETELY EMPTY
IT WAS ONLY NATURAL AS I HADN'T PUT IN ANY EFFORT INTO FILLING THEM WITH ANYTHING
BUT I COULDN'T EVEN UNDERSTAND THAT
AND I CONTINUED TO LEAD AN AIMLESS INSUBSTANTIAL LIFE
AND ONE DAY,
I SUDDENLY FELT THAT I HAD LOST A GREAT DEAL OF TIME
...I'LL DO IT OVER AGAIN. AND I'LL DO IT RIGHT NEXT TIME...

Tennouji Kotarou

Height:176cm
weight:65kg
B:92cm
W 72cm
H:92cm

A meddlesome boy brimming with curiosity and also the protagonist of this story. With his easygoing attitude and merry nature, he can talk to anybody but is worried about the fact that he doesn't have any close friends other than his childhood friend, Kotori. And this fall, by getting involved in occult related events, he got to alter himself which also brought change in the people surrounding him.
Kotarou, an ordinary town citizen, also holds a huge secret of his own. He could be said to be living on his own as his parents are always away from home due to their jobs.

Kanbe Kotori

Height:156cm
weight:44kg
B:83cm
W 54cm
H:83cm

Kotarou's childhood friend who is also a second year at Kazamatsun Highschool. She is in the same class as Kotarou with whom she holds cheery conversations perfectly in tune with him, as if they were a married couple or a comedy duo. Her personality is rather bright, friendly and soothing. Even her punches can heal people. For some reason, she has very few friends and spends her time alone in the forest on the outskirts of the town. She is so skilled in gardening, a hobby of hers, that she got herself a rather enthusiastic fandom inside the volunteer spread the greenery boarding committee to which Koton belongs. She has a weakness against supermarket bargain goods and she is one of the masses who love to save pocket change.

IS BRINGING YOU THE ENGLISH TRANSLATION OF

REWRITE:SIDE-TERRA VOLUME 1 CHAPTER 1

Leader-san Ramblings Part*2

Hello, whoever is not skipping this useless corner, this is Redth_Sa from OKS. You probably never expected anyone to pick up Side-Terra, right? Ehhh, no? Oh well, whatever. If you didn't know already, Rewrite:Side-Terra is the manga version of the anime. However, it doesn't seem to be completely similar. You should've noticed from this chapter, right? Honestly, I prefer the manga but they both are a train wreck... (Just look at the summary!!!).Well, let's see how they'll deal with what's coming up next. Waku waku. I can't wait to see myself~ By the way, if you haven't noticed, I have been messing with the typesetting on this chapter and it's different. You could say I was testing... But it was better than usual,right? I'll keep the typeset for this one like this and the other two as they are.

See ya on our next release! Ja ne~

WE ARE RECRUITING!!
